

INDUSTRIES & EXPORTS PVT.LTD.

The **Rajda group** is a 54 year old group of companies handling a turn over of around USD 83 million.

The group is very diversified and in various fields of business. Some of them are

- Leather goods exports including fashion accessories and industrial hand gloves with a turn over of USD 13.00 million
- Plastics, masterbatches and chemical trading for the domestics industry with a turnover of USD 70 million.

Leather goods exports

Rajda group under the banner of Rajda Industries and Exports Pvt. Ltd. has been in the business of leather goods exports since the last 40 years in industrial gloves and since the last 23 years in the fashion products. The company stands for very high-quality standards and modernisation of machines and systems is continuous.

The fashion division with a turnover of US\$ 4.50 million in the last financial year and is expecting to grow to US\$ 5 million in the current financial year.

The fashion goods business has 46,000 sqft of area spread over 2 factories currently.

In terms of modernisation we have heavily invested into machines including computerised stitching machine, Cad-based pattern cutting including a plotter, robotic credit card slot making machine, swing arm post bed sewing machine (1st in Kolkata) and various other machines.

In terms of systems we were the 1st company in Kolkata to be on Microsoft Dynamics NAV ERP

We are currently undergoing a change to shift our entire production from batch system (prevalent in Kolkata) to a line-based production which gives us better accuracy of production schedules and better products (also a 1st in Kolkata)

Capacity

Our current capacity is

SLG – 2000 pcs / day (which could vary with style)

Handbags/men bags – 350 pcs / day (which could vary with style)

We are a SA 8000 audited company .

Our total workforce is around 450 staff.

RAJDA – CSR

We believe in giving back to the society. Rajda group is building a Diagnostic centre in the Sunderbans area of West Bengal which is one of the poorest areas in India for the people there with Shri RamKrishna Ashram, Nimpith an NGO who is renowned worldwide. The Diagnostic centre which will have a host of facilities will help people who currently need to travel around 40 km to the closest centre for diagnosis. The centre will have XRAY, Ultrasound and Pathology facilities.

Apart from this we care for our environment, so we have put up a solar system in our factory and 50% of the power used by our factory is coming from Solar energy.

Apart from this we have ensured 100 % of our lighting needs are from LED powered lights reducing our need for energy. We also are the only company who has their own Sewage Treatment plant.

Rajda believes in “Service to Humanity is service to God” and our business activities always represent this.
