About Us

We manufacture and export industrial leather work gloves, leather welding gloves, aprons and garments and other specialized (FR/AST) work garments from Kolkata, India. We have been manufacturing leather gloves since 1978. We are a family owned company with a focus on quality. Three generations are working together to deliver a quality product.

Products & Services

We design and produce **Safety Gloves** and **Garments** to suit your needs and applications with the necessary certifications (**EN / ANSI norms**) using **specialised raw materials** like Cow, Buffalo and Goat Grain, Split, Heat Resistant, Water Resistant and/or Chromium free leather etc. in thicknesses of upto 1.5mm lined with Cotton, Brushed Polyester, Aramid, Pile, Thinsulate, Thermal, Jersey, Laminated Polar Fleece, etc.

Capacity

We are capable of producing over 250,000 pairs of gloves and about 4,000 pecs of garments every month. We have a team of about 200 people dedicated toward giving our customer a quality product.

Strengths

- **Present Customers:** We are now supplying our products to established brands in USA, Holland, Sweden and Romania where our products are being well accepted.
- **Design Team:** Our in-house Pattern-Making team is responsible for great fit of BSA gloves. Our team is capable of developing gloves & garments to meet your quality and safety requirements as well as getting them **certified** as per **EN/ANSI norms**
- **Our Quality Controls:** We go above and beyond what is required to maintain our factory's **ISO 9001:2015** and **CE certified quality standards**. Each piece of leather is checked before clicking and each glove/garment is checked at three levels before packing. All this ensures the highest quality products at competitive prices.
- **Packaging Solutions:** We also provide various packaging solutions to suit your needs: Hangtagging with staples and/or swiftachs, shrink packaging and branded polybags for retail and industrial supply.
