IGT

IGT EXPORTS LIMITED

Words from the Director

IGT Exports Ltd, over the years have pursued its corporate objective through a sharply focused growth strategy. Currently enjoying its 46th year in business, we strive on the objective of achieving the highest level of performance by providing world class manufacturing services and to exceed our customers expectation by providing quality products time and time again. IGT's vision of the future is to build on our successful business model and increase our global foot print. As a family owned and operated organization, we are committed in building on our heritage of success.

We thank all our clients, partners and employees in making us a true success story for over the last four decades.

**S.S. Sawhney
Managing Director**

Introduction

- ▶ IGT is one of the first manufacturers for leather goods in India, and was established in 1972 as a leather goods manufacturer. We have been recognized as leaders in the leather goods industry in Eastern India and work hard to give our clients personal touch and undivided attention to their inquires and requirements.
