Luxury/Fashion Bags-

10,000 Units

Wallets & Accessories-

50,000 Units

About & USP

Lumens India was incorporated as a family run fine leather processing and finishing facility in 1982. Based in Kolkata, we have a 39 year legacy in the leather industry. Our craftsmanship and reliability have been rigorously honed and perfected over the years. We use Indian craftsmen to lovingly shape and treat hide, transforming it into wonderfully curated leather goods. Four decades has seen us established as an end-to-end resource for finely crafted leather goods across various pricing and finishing requirements in both the industrial and fashion sectors.
